FEDERAL COMMUNICATIONS COMMISSION
Washington, D. C. 20554

In the matter of)	
Amendment of Section 73.202 (b))	MB Docket No. _____
Table of Allotments)	
FM Broadcast Stations)	RM- _____
(Milner, Georgia))	
(Ellaville, Georgia))	
(Plains, Georgia))	

PETITION FOR RULEMAKING

To the Chief, Allocations Branch:

Linda A. Davidson ("Petitioner") respectfully requests the Commission initiate a rulemaking proceeding for the purpose of considering amending Section 73.202(b) of the Commission's rules. In support whereof the following is stated:

1. Petitioner proposes the Commission allot FM channel 290A to Milner, Georgia as its first local service. This would require amending Section 73.202(b) of the Commission's rules as follows:

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Milner, GA	-	290A

2. Milner is an incorporated city located in Lamar County, Georgia. In 2000, the United States Census Bureau Estimated that Milner had a population of 522 persons.

3. FM channel 290A can be allotted to Milner in full compliance with the Commission's minimum distance separation requirements. This is illustrated the attached spacing study. Coordinates used are N 33 09:44, W 84 04:51 and are located approximately 10 Km NE of Milner. This site restriction is necessary to prevent short spacings with stations WMAX-FM, Bowdon, GA, WLCL, Canton, GA and WQBZ, Fort Valley, GA. Petitioner is confident that she can find a suitable transmitter site if channel 227A is allotted as proposed.

4. To accommodate FM channel 290A at Milner, petitioner respectfully requests the Commission substitute FM channel 232A for the vacant and unapplied for channel 290A at Ellaville, GA. Channel 234A can be allotted to Ellaville in full compliance with the Commission's minimum distance separation requirements. This is illustrated in the attached spacing study. Coordinates used are N 32 16 20, W 84:09:26 and are located approximately 13 Km NE of Ellaville. This site restriction is necessary to prevent short spacings with stations WIZB, Abbeville, AL and WDEC-FM, Americus, GA.

5. Petitioner also respectfully requests the Commission allot FM channel 290A to Plains, Georgia as its first local service. Plains is an incorporated town, 2000 population 637 persons. It is located in Plains County, GA and is the home of former President Jimmy Carter.

024
MB
03-203

6. FM channel 290A can be allotted to Plains, GA in full compliance with the Commission's minimum distance separation requirements. This is illustrated by the attached spacing study. Coordinates used are N 32°06'51", W 84°16'10" and are located approximately 13 Km NE of Plains. This site restriction is necessary to prevent short spacings with stations WZHT, Troy, AL, WSTH-FM, Alexander, AL and WZIQ, Smithville, GA. Petitioner is confident that she can find a suitable transmitter site if channel 290A is allotted as proposed. Petitioner also points out that Ellaville, GA is also located within the 70 dbu city grade contour at the reference coordinates specified for channel 290A at Plains.

7. Petitioner, or an entity with which she is affiliated, intends to apply for construction permits to activate FM channels 290A at both Milner and Plains if they are allotted as proposed. If her application is granted, she shall promptly construct and operate the proposed stations.

8. Petitioner believes that the public interest, convenience, and necessity will be served by the Commission opening a rulemaking proceeding for the communities involved. She also believes that her proposal is a more equitable use of the scarce FM spectrum in this part of Georgia than currently exists.

6. Petitioner hereby verifies and affirms that the statements given in this petition for rulemaking are hers, and are accurate to the best of her knowledge.

Respectfully submitted,

A handwritten signature in black ink that reads "Linda A. Davidson". The signature is written in a cursive, flowing style.
